Lysander Spooner Esq.

Dr Sir.

In the June no of DeBows Review is a notice of your pamphlets on the subject of treason.

I feel curious to examine them, will you do me the favor to send them to me per. mail? Mark the price on them, and I will remit.

From the notice and ___ in DeBows review, I think you have treated the subject in an interesting manner. In my constitutional history of the U.S. I have treated the same subject. I would like to refer you to it. Vol 1, p. 297. I think you will find the work as little Brown's.

Very Resply yrs,
Wm Archer Cocke
