ACKNOWLEDGMENT

During the years after the Civil War, Lysander Spooner used extensively the collections at the Boston Athenaeum, and he himself contributed materials to the collections there. M & S Press wishes to thank the Director and the Staff of the Boston Athenaeum for their cooperation in the republication of these works of Lysander Spooner. We find it very appropriate that the relationship of Lysander Spooner to the Athenaeum should be carried forth into this age.

To the Memory of My Father
