Lysander Spooner Esq.

My d Sir,

I have this morning read the 32 pages of your new pamphlet. The pamphlet is full of light by whether the people with suffer themselves to be enlightened by it is questionable.

Page 25 is something. But I do not see how men, who believe in free, can find reasonable fault with it!

The public now will thank you for publishing this pamphlet just at this time. ___ will _____ brought for his "eye opener". I am very sorry to find that he can still ___ ___ the Republican ticket.

I am to leave home next monday. My address for a week will be care of Hon. J. Cochrane

No. 133 East 12th Street

New York

I hope you will receive the letter I sent you this morning, & in which I inform you of my visit to Mr Sedgwick.

Your friend
